20+ YEARS OF INNOVATION AND TRUST

## ABOUT US

GOMATI IMPEX, one of the most trusted names in the Indian Chemicals Industry, is one of the largest manufacturers and suppliers of Polyurethane Chemicals and specialty chemicals. We are a one stop shop for all Polyurethane Chemicals and additives. We manufacture and source chemicals from across the globe and specialise in cost efficient and high-quality chemical solutions for varied range of applications.

## WHAT WE DO

We are engaged in manufacturing, indenting, stocking and distribution of a wide range of chemicals like Polyurethane Chemicals, Silicones, Catalysts, Additives, Polymers, Engineering Plastics and others. Relying on the continuous innovation, commercialized facilities and efficient operation, our company provides customers with more competitive products and solutions.

## TEAM

M L Singla

Born in a small city of Narwana (Haryana) in 1961, completed his Engineering from NIT kurukshetra in 1984. He setup a manufacturing plant of PU Furniture and auto products in New Delhi, in the year 1995. During year 2000, he entered to PU Chemicals Industry to contribute his knowledge and innovative approach into growing market of PU Products in India. He introduced many PU Chemical manufacturing companies across the world to Indian market. He also started manufacturing many PU System chemicals as JV with global MNC companies. His vision of creating a one stop solution for PU Industry Raw Materials led him into increasing the products offering across various PU applications including Rigid, Flexible, High Resilience, ISF and others. With the planned growth plan, he setup warehouses, logistics and R&D labs across various locations.

Milind Singla

Mr Milind Singla, an Engineer from Delhi College of Engineering, joined the company as Business Development Manager in the year of 2016. Being a technocrat, he introduced technology to various parts in the business and systemised all operations to help in quality management and sustainable growth of the company.

He introduced multiple new PU Segments in company's portfolio including PU Footwear, PU Toys, PU Additives which has led to achieve new growth rate for the company. Due to his vision & initiative, the company has gained a foothold in foreign lands and now exporting chemicals to all South East Asian Countries.

## WHY GOMATI

**ONE STOP SHOP :** We are one stop shop for all your Polyurethane Chemicals and other specialty chemical needs including Rigid, Flexible, HR Foams, ISF, Footwear, C.A.S.E and others.

**CUSTOMISED SOLUTION :** With the help of our proficient Technical Team and state-of-art R&D Department, we can offer Customised PU Solutions as per customer requirement.

**GLOBAL NETWORK :** Associated with all major Chemical manufacturers across the globe, we supply varied range of products.

**TECHINAL SERVICE :** Equipped with proficient technical team to provide quick resolution to customer queries.

**SUPPLY CHAIN :** Empowered by spacious warehouses and a sound infrastructure across India to provide quick deliveries to customers throughout the country.

**SUSTAINABLE VISION :** We have always worked towards creating on developing environment friendly products. We always follow business ethics.

## VISION

Polyurethane(PU) is an extremely versatile material and is found in majority of the products in our daily life. Many everyday items contain polyurethane including Buildings, Cars, Shoes, Mattress, Chairs, Electric Appliances and hundreds of other products too. Whilst reading this post you're probably sitting on, or within arms-reach, of a product containing polyurethane foam!

PU Industry is fast growing with new applications being developed on regular basis. We ought to become a major contributor in the industry. Our business philosophy is to develop polyurethane solutions in close partnership with our customers.

## QUALITY ASSURANCE

Quality is not act. It is a habit." ~Aristotle

An ISO 9001:2015 certified company, we always assure quality of our products to our customers. Every Material before leaving our factory, goes through a rigorous Quality check in our R&D Lab to ensure our customers does not have to not worry about the same.

## INDUSTRIES SERVED

- Mattress Industry
- Packaging Industry
- Footwear Sole
- Water Heater
- Sandwich Panel
- Water Tanks
- Air Conditioning (AHU)
- Thermoware
- Memory Foam
- PU Foams
- Polyol System House
- Integral Skin Foam
- Furniture Seat foam
- Automobile Seating
- PU Toys
- Material Handling Equipment

## PRINCIPALS

TOSOH

We create chemistry

Enriching lives through innovation

# OUR PRODUCTS

## ► BASE POLYOLS

- Polyol 3000 MW
- Polyol 6000 MW
- Polyol 5000 MW

## ► BLEND POLYOLS

### RIGID INSULATION POLYOL

- For Sandwich Panel
- For Thermoware
- For Water Heaters
- For Water Tanks
- For AHU Panels
- For Deep Fridge
- For ROTO Pallet
- For Block & Pipe Section
- PIR Polyols

## ► FLEXIBLE HR POLYOLS

- For Furniture Seats
- For Automobile Seats
- For Railway Seats
- For Foam Pigs

## ► POLYMER POLYOLS

- PoP with 43- 45 % Solid Content
- PoP with 49 50 % Solid Content

## ► POLYOLS FOR INTEGRAL SKINS FOAMS

- For Chair Handles, Steering Wheel, and other Auto Parts

## ► POLYOLS FOR SHOE SOLE

- For Sandals, Slippers, Shoes, Safety Boots, Unit Sole, Low Density Soles

## ► POLYOLS FOR MEMORY FOAM

- For Memory Foam Sheets, Pillows, Cushions

## ► POLYOLS FOR FOOTBED SYSTEMS

## ► POLYOLS FOR PU TOYS

- For Smiley Balls, Footballs, Disney Balls, PU Pins & other toys

**Equivalent System MDI also available**

## ► ISOCYANATES

- Polymeric MDI - Rigid MDI
- Modified MDI - Flexible MDI
- Integral Foam MDI
- Toluene Di-Isocyanates - TDI 80/20

## ► POLYURETHANE SYSTEMS (Polyol & MDI System)

- PU SYSTEM FOR HR MOULDED FOAM
- PU SYSTEM FOR AUTOMOBILE AND RAILWAY SEAT
- PU SYSTEM FOR FURNITURE SEATS
- PU SYSTEM FOR FOOTWEAR SOLE
- PU SYSTEM FOR WATER HEATER
- PU SYSTEM FOR SANDWICH PANEL
- PU SYSTEM FOR THERMOWARE AND APPLIANCES
- PU SYSTEM FOR WATER TANKS
- PU SYSTEM FOR AHU PANELS
- PU SYSTEM FOR SMILEY BALL
- PU SYSTEM FOR MEMORY FOAM

## ► SPECIALITY CHEMICALS

- STANNOUS OCTOATE ( T9)
- AMINE A33
- AMINE A1
- AMINE A230
- LD AMINE
- CELL OPENER
- DMCHA
- TCPP
- TEDA
- Methylene Dichloride
- MEG
- PG
- Skin catalyst for Footwear

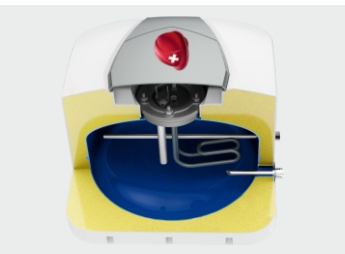

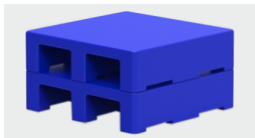

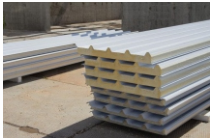

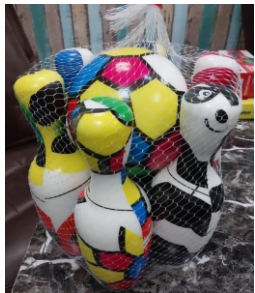

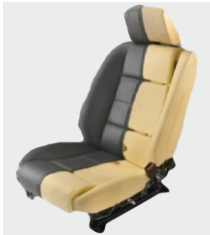

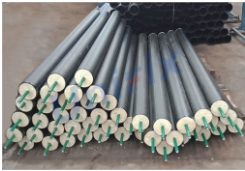

## ► PU COLOR PIGMENTS

## ► SILICONE SURFACTANTS

- Silicones for Slabstock Foam
- Silicones for Rigid Polyols
- Silicones for HR Polyols
- Silicones for ISF Foam
